- Freiheit durch Begrenzung - Fotografien von Sven Kierst 2005-2012
- 96 pages, 79 Images, published by dauvi-Verlag, Bergheim, November 2012

Sven Kierst lives and works in Düsseldorf. In his photography he focuses on motives of the daily life, which he puts out of their existing context. With this principle he animates a new dimension into the photography. For him personally counts the moment of this unique situation, where he identifies a special image. His pictures varies between figurative and abstract visual compositions. Sven Kierst is an important representative of the new German contemporary photography, because he came back to the photography at itself.

Martin Leyer-Pritzkow

Independent curator
